

# The One Thing All Students Should Own Before Starting or Finishing Their College Journey

What is the one thing all students should own before starting or finishing their college journey? It's a question that many students and parents ask themselves. With the rising cost of tuition and the increasing competition for jobs, it's more important than ever for students to have the right tools to succeed. One of the most important investments students can make is in a good laptop.

A quality laptop is essential for students to do their research, write papers, and complete assignments. It can also be used for entertainment, such as watching movies or playing games. With so many different laptops on the market, it can be difficult to know which one is right for you. In this article,

we'll discuss the different factors to consider when choosing a laptop for college, and we'll recommend some of the best laptops for students.

## **Factors to Consider When Choosing a Laptop for College**

When choosing a laptop for college, there are several factors to consider, including:

- **Budget:** Laptops can range in price from a few hundred dollars to over a thousand dollars. It's important to set a budget before you start shopping so that you don't overspend.
- **Size and weight:** Laptops come in a variety of sizes and weights. If you plan on carrying your laptop around campus, you'll want to choose a model that's lightweight and easy to carry. If you're not planning on moving your laptop around much, you can choose a larger model with a bigger screen.
- **Processor:** The processor is the brain of your laptop. It determines how fast your laptop will run and how many programs you can run at the same time. For college students, a mid-range processor should be sufficient.
- **Memory:** Memory, also known as RAM, stores the data that your laptop is currently using. The more RAM your laptop has, the more programs you can run at the same time. For college students, 8GB of RAM should be sufficient.
- **Storage:** Storage, also known as hard drive space, stores your files and programs. For college students, a 500GB hard drive should be sufficient.

- **Battery life:** Battery life is important if you plan on using your laptop away from an outlet. For college students, a laptop with a battery life of at least 8 hours is ideal.
- **Operating system:** Laptops come with a variety of operating systems, including Windows, macOS, and Chrome OS. Windows is the most popular operating system, but macOS and Chrome OS are both good options for students.

## Best Laptops for Students

Now that you know what to look for in a laptop for college, here are some of the best laptops for students:

- **Apple MacBook Air:** The MacBook Air is a great choice for students who want a thin and light laptop with a long battery life. It's also one of the most popular laptops on the market, so you'll be able to find plenty of accessories and support.
- **Dell XPS 13:** The Dell XPS 13 is another great choice for students who want a thin and light laptop. It has a beautiful display and a fast processor. It's also one of the most affordable laptops on our list.
- **HP Spectre x360:** The HP Spectre x360 is a 2-in-1 laptop that can be used as both a laptop and a tablet. It has a beautiful display and a powerful processor. It's also one of the most expensive laptops on our list.
- **Lenovo Yoga 7i:** The Lenovo Yoga 7i is another 2-in-1 laptop that can be used as both a laptop and a tablet. It has a beautiful display and a long battery life. It's also one of the most affordable 2-in-1 laptops on our list.

- **Acer Swift 3:** The Acer Swift 3 is a budget-friendly laptop that offers great value for the price. It has a good processor and a long battery life. It's also one of the lightest laptops on our list.

Choosing the right laptop for college is an important decision. By considering the factors we've discussed in this article, you can choose a laptop that will meet your needs and help you succeed in your studies.
